Chapter 1

Paragraph formatting

This is one paragraph

To do a paragraph break, add a blank line. You can also use "par"

To break a paragraph.
Two slashes will force end a line, but it does NOT make a paragraph

You can artificially force an indent

this quick brownfox jumped over the lazy dogs, hwho in a fit of metaphysical glory, decided to walk around the room like a bunch of bears sucking on dry apples.

Hello, this is centered text. However, this is not the only way to make centered text

this is left-justified text the quick brown fox jumped over the lazy dogs

this is right-justified test the quick brown fox jumped over the lazy dogs
